

	HAMBLETON ISSUES -M.O'Flaherty - 9/1/20 - meeting notes prompt
Minutes	Minutes of meeting availabililty Website not as organised as others of WBC Action website to be checked Action WBC
Minutes	What detail in minutes as opposed to just audio Move to recording not as easy to follow. Action....Action Items will be recorded in text
EA	What is the basis of the delay to Flood Defence Scheme, criteria, factors, does list exist of proceeding and delayed projects, PB undertook to advise
LCC	3 Section 19 reports have been issued in recent years, what monitoring and review has taken place with regards recommendations. Action LCC rep will advise
LCC	Flood and Water Management Act 2010, how does LCC ensure complince. Action LCC to advise.
LCC	Section 21 requires a register of structures and features likely to be involved with flood, is that register available, LCC have a register copy to be made avaialble. Action LCC
LCC	When does a culverted water course become adopted, rather than having to deal with 30 odd house holds. LCC advised that there never be an adoption, riparian right/obligations must sit with the property owners. Action LCC should action be required to clear/work on the drain LCC will be advising the individual owners
WBC	Copy for Hambleton drainage plans requested details supplied Action UU will supply direct to MOF
WBC	Can I ask that flooding issues be proper identified with Manhole, Pipeline and Water course reference number to aid clarity. Action UU, WBC
WBC	Planning permissions Sutainable drainage. At what point would the council consider objecting to a new scheme on the basis that the infra structure is insufficient. A case in point is Kiln Lane Pumping station which takes ALL the sewerage in Hambleton. Action Question to be answered
WBC	Section 32 requires sustainable drainage, one conditon of which is that moving the flooding down stream is not permissable. That being the case the approving authority would need to know the capacity of the exisitng sewers. Can this information be made know. (Particulars requested under my Pumping station queries but not addressed)
MSFW	Thank you for forming the sub group, things moving in the right direction but still lots to address.
MSFW	Attendance at the meeting requested by myself and Parish/Borough Councillor but deined, on what basis can you choose to exclude us . Limiting it to Officers to the exclusion of others allows hoest and frank discussions
MSFW	Issues and actions log . I sent a list of issues, which I was told would be addressed over 50% has been and only noted as to be addressed. The contents list shows 7 items issues and actions log does not properly reflectall the Hambleton issues.
MSFW	Action WBC Paul Long to attend next Flag Meeting (Roy Peaker will advise when)
Hambleton Issues	Carr Lane Coppins/Birkrigg, it is good that works are allocated, but we hope that the long running flooding issues that have affect residents and trust it brings a holistic solution that closes the 7 year saga
Hambleton Issues	Kiln Lane Pump station request made for plans showing pipes pumps outfalls. Axction UU to provide details.
